CONTRACT OF SALE

This Agreement, Made and executed in triplicate on this 25th day of March, 1959, by and between S. Earl Conner and Helen Conner, his wife, by Lee S. Gillis, their Attorney-in-Fact hereinafter called the SELLER, of Talbot County, Maryland and Alex J. Spencer and Harry T. Barton, Jr. hereinafter called the PURCHASER, of Talbot County, Maryland

Witnesseth,

1. That the said Seller does hereby bargain and sell, and agree to convey unto said purchaser, and said purchaser does hereby purchase from the Seller, and agree to pay the purchase price, as hereinafter specified, for—

All the following described property, viz:

All that lot or parcel of land fronting 56 feet on the North side of Carpenter Street, in the Town of St. Michaels, Talbot County, Maryland, more particularly described in a certain Deed from Martha J. Seymour to George Conner dated December 7, 1914, and recorded among the Land Record Books of Talbot County in Liber No. 169, folio 425, together with all improvements thereon.

2. The agreed purchase price for said property is the sum of \$ Two Thousand Eight Hundred Fifty Dollars, of which \$ Seven Hundred Twelve and 50/100 - - - - dollars have been paid by the

purchaser at the time of signing this agreement. The purchaser is to pay the balance of the said purchase price in the following manner ~~XXXXXX~~ Upon completion of administration on estate of George Conner in the Orphans' Court for Talbot County.

All conditions set forth in advertisement of sale as published in the Easton Star Democrat in its issue of March 20th, 1959, are hereby made a part of this Contract and are incorporated herein by reference.

3. The Seller shall immediately have all insurance policies on the property so endorsed as to protect all parties hereto, as their interests may appear, and shall continue said insurance in force during the life of this contract.

4. The Purchaser will submit to the Seller, at or before the time herein stipulated for final payment of the purchase price, a good and sufficient deed to be executed by the seller at the Purchaser's expense and to be delivered, with the possession of said property, to the Purchaser upon payment of the balance of the purchase price and compliance by the Purchaser with the provisions of this Agreement.

Cost of all documentary stamps required by law shall be paid by the Purchaser.

The deed to be delivered to the Purchaser herein shall convey, to said Purchaser or to whomever he may have substituted as grantee in said deed, a merchantable title in and to said property, free and clear of all liens, and encumbrances except such as are herein specified, but subject however to all applicable restrictions, easements, laws, ordinances, regulations, charges, taxes and assessments, if any.

Unless otherwise stated herein, all ground rent, rent, water rent, taxes and other public charges against the property shall be apportioned as of the date of final settlement.

5. It is further understood that the Seller shall pay to Anthony & Latham, Inc., the commission of NONE% prescribed by the Real Estate Board of Talbot County, on the purchase price, which commission shall become due and payable upon acceptance of this contract by both parties hereto. All deposit moneys paid on account hereof shall be held by said Anthony & Latham, Inc., until the time as above provided for transfer of title hereunder.

6. This contract contains the final and entire Agreement between the parties hereto, who hereby bind themselves, their heirs, executors and administrators, respectively, to the faithful performance of this agreement; it being further agreed that neither the parties nor their agents shall be bound by any terms, conditions, or representations not herein written, and that time is of the essence of this Agreement.

In Testimony Whereof

the parties hereto have executed this Agreement in triplicate on the day and year

first above written.

WITNESS—

Handwritten signatures and printed names of witnesses and parties. Catherine Wilson (witness), S. Earl Conner (seller), Lee S. Gillis (attorney-in-fact), Helen Conner (seller), Alex J. Town Commissioners of St. Michaels, Md.

For Water to April 1, 190... according to bill rendered, subject to the rates and regulations relating to same.

Office of The Commissioners of St. Michaels, Md.

~ RULES AND REGULATIONS. ~

The following Rules and Regulations of the Town Commissioners of St. Michaels are a part of the contract with every person who takes water, and the acceptance of this license signifies the agreement of the parties to be bound thereby:

1. Water will not be turned on to any building until water license is issued.
2. All persons taking water shall keep their own service pipes, stop-cocks and apparatus in good repair, and protected from frost at their own expense, and it is expressly stipulated that no claim shall be made against the Town Commissioners of St. Michaels by reason of the breaking of any pipes or other apparatus in connection with them.
3. During all alarms of fire, and while the fire pressure is on the pipes, the use of fountains, yard and street sprinklers is positively prohibited. A violation of this rule will forfeit all right to the use of water and will be rigidly enforced.
4. All contracts for water are made with the owner of the premises, and while the annual rents may be paid by the tenant, yet the Town Commissioners of St. Michaels will hold the owner of the premises liable for the water rent.
5. No yard jet or fountain shall be used longer than 10 hours daily, and from May 1st to December 1st, and not after 10 o'clock P. M., without special permit for that purpose from the Town Commissioners of St. Michaels, and payment of additional charges.
6. No occupant or owner of any building, in which water is introduced, will be allowed to supply water to other persons or families who do not pay water rent. If found doing so the water will be stopped, and the amount of payment forfeited.
7. Whenever two or more parties shall be supplied from one pipe, connecting with the Distribution Main, each branch shall have a curb-stop.
8. No person shall be entitled to damages, nor to have any portion of a payment refunded for any stoppage of supply occasioned by accident to any portion of the works, nor stoppage for purpose of addition of repairs, nor for stoppage occasioned by absence, unless when premises are unoccupied and closed for one month or more, prior notice thereof having been given to the Town Commissioners of St. Michaels, and water turned off, on presentation of this license to the Town Commissioners of St. Michaels a proper rebate will be allowed.
9. Various officers employed by the Town Commissioners of St. Michaels must have free access at proper hours of the day to premises of any water-taker, to examine the pipes and fixtures, the quantity of water used and the manner of its use; and it is expressly stipulated by the Town Commissioners of St. Michaels, that when the Mains pass through private premises, and permits to tap the same thereon have been issued, the Curb Stop located on said private premises shall at all times be accessible to said officers, and under their exclusive control.
10. Applications for water must state fully and truly all purposes for which it is required, and when paying the annual charges for it, parties must frankly and without concealment answer all questions put to them relating to its consumption. In case of fraudulent misrepresentation on the part of the applicant, or of uses of the water not embraced in the applicant's bill, or of willful or unreasonable waste of water, the Town Commissioners of St. Michaels shall have the right to forfeit his payment, and the supply of water will be stopped, unless the party shall promptly pay such additional charges as the Town Commissioners of St. Michaels may impose.
11. Water rents must be paid annually, in advance, on the first day of April, and if not paid the water will be shut off.
12. No person shall be allowed to attach hose to faucet in building.
13. No person shall use water from any sprinkler except for sprinkling.
14. Water shall not be used from street sprinklers after dust has been properly laid.

THE FOLLOWING ABUSES, ETC., ARE ABSOLUTELY PROHIBITED.

1. In no case will hose be allowed for the purpose of sprinkling side-walks, pavements, or washing carriages or other vehicles, with out-flows of nozzles greater than one-quarter inch in diameter.
 2. Permitting leaks or unnecessary waste of water.
 3. Allowing water to run off from the premises paid for, or for the use and benefit of others.
 4. Using water for fountains or irrigation at hours when its use in that manner is prohibited.
 5. Using fountains or yard or street sprinklers during the time of a fire.
 6. Any wasteful or unauthorized use of water.
- For a violation of any of the preceding Rules and Requirements the Town Commissioners of St. Michaels reserve the right to stop the supply of water without any further or preliminary notice with forfeiture of amount paid for water not delivered, nor will it be restored except on payment of the expense of shutting it off and putting it on.

The following resolutions in favor of Rev. Dr. Willey were passed.

On motion the proposition of Rev. J. H. Willey of Brooklyn N. Y. to pay ^{for} the ringing of the town bell during his life time and to set apart a fund the proceeds from which will afterward perpetuate the service, was favorably accepted and the following resolutions were adopted. Resolved that in this generous act toward the people of his native town, Rev. J. H. Willey has performed a most valuable service to all classes of citizens, who rejoice at the restoration of the old bell as at the return of an old and faithful friend. Resolved that in extending officially to Mr. Willey expressions of the gratitude of this board for the thoughtfulness and magnanimity which prompted the act, we but voice the feelings and sentiments of this entire people in whose affection Mr. Willey will ever occupy a warm place.

Resolved that these resolutions be entered upon the records of the town and a copy thereof be forwarded to Rev. Dr. Willey.

The Town Commissioners met this date, Present
Mr E Harmon & J. F. Lewis

The pounder or Pauper made by Harold Havelth
for the Town was accepted, Price to be paid \$1.85

The matter of water fall at Mrs Plummers
& Mrs Porters Corner was discussed and The
conclusion reached was that one of two
things must be done either a covered
ditch running north from Mrs Plummers
until it reaches opposite side and then
to the shore or accept Mrs Porters proposition
to tap the 6 inch sewer running from
Mrs Porters until it reaches the harbor

The latter we hardly think admissible,
although she is willing to stand responsible
of clogging and keep the same in
repair.

It was agreed upon that if any
surplus money was on hand it
should be applied to the cutting down
of the \$1000. note

ON Monday, August 11, the citizens of St. Michaels and all others interested in the history of this ancient town and Talbot county, will meet here for the purpose of celebrating the one hundredth anniversary of the Battle of St. Michaels, which took place on the tenth day of August 1813, when our brave ancestors successfully repulsed the attack of the British forces at the mouth of St. Michaels harbor.

Of the British, two officers, (one a nephew of Admiral Cockburn,) and twenty-seven men were killed, and not one American, a fuller account of which event appeared in *The Comet* of last week.

The public spirited citizens of St. Michaels, including the Town Commissioners, appreciating the importance of that battle at the time in forcing upon the British a true perception of the valor of brother Anglo Saxons when defending their homes, and realizing the far reaching effect the victory here had on the second war with Great Britain, have decided to celebrate it in a fitting manner on the 11th of August, the 10th falling on Sunday.

The Town Commissioners have selected the following citizens to take hold of the matter and arrange a suitable program of exercises, namely; Thomas H. Sewell, O. Harper Benson, Richard S. Dodson, Thomas H. H. Blades, Frank S. Orem, J. Edward Watkins, G. Thos. Graham, A. M. Thomas, J. Spencer Willis, John T. Mansfield, C. H. Fogg and W. D. J. Morris.

These gentlemen met in the Town Hall last Saturday afternoon and organized "The Battle of St. Michaels Centennial Commission," Thos. H. Sewell being elected Presidet; E. H. Burns, one of the Town Commissioners, Secretary, and O. H. Benson, Treasurer.

Senator Richard S. Dodson was requested to personally invite Governor Goldsborough and the Hon. Josephus Daniels, Secretary of the Navy, to be present and make addresses.

The Secretary of the Navy will also be requested to send a large body of marines and a naval vessel accompanied by the Naval Academy Band.

Invitations were extended to all the Chesapeake Bay Yacht Clubs to come to St. Michaels that day and participate in the sports on water and land.

The following committee were also selected: W. D. J. Morris, publicity; J. Edward Watkins, Richard S. Dodson and C. H. Fogg, military and naval display; T. H. H. Blades and G. Thomas Graham, parade; F. S. Orem, J. Spencer Willis and O. H. Benson, finance.

A resolution was adopted requesting the Commissioners to mount one of the old cannon used in this engagement at some suitable place with a brass plate and inscription thereon.

It was resolved also to ask Mrs. Robert L. Seth to sing "The Star Spangled Banner."

To close the day's festivities there will be set off at night a magnificent display of fireworks and probably a grand ball in the Auditorium will be given by the young folks.

Already nearly three hundred dollars has been subscribed for this event. The loyal patriotic friends of St. Michaels, resident and non-resident, will doubtless freely provide all necessary funds. Centennial celebrations, being a century apart, can justly claim unstinted support.

Our people are wide awake to the significance of this event in all its bearings, historical, sentimental, social and financial.

Everybody interested in the town of St. Michaels, whether residing here or elsewhere, is invited to take a part in our centennial celebration to perpetuate the memory of this notable victory; to do adequate honor to our ancestral heroes of the naval war between Great Britain and the young American republic which really completed the War of the Revolution and firmly established the independence of the American colonies.—*From The Comet and Advertiser, July 16, '13*

St. Michael Md Oct 21. 1914

Be it remembered that on this 21st day of October in the year of our Lord one thousand nine hundred and fourteen, the Commission of St. Michael Md do hereby grant to John S. McDaniel of St. Michael Md a special permission to construct a sewerage sewer at Pleasant Court to the town of St. Michael, which has been approved by the State Board of Health, on his property located on Cherry and Willow streets as per blue prints submitted to the Town Board on October with one exception.

For reasons satisfactory to the Board we insist that the size of the terra cotta sewer on Willow and mill streets must be six inches instead of five inches to allow for additional sewage plants emptying therein. We further stipulate that other property owners, satisfactorily located and approved by the Town Board may empty the drainage from their septic plants in this sewer by proportionately paying the cost of said sewer. That this plant must be kept in sanitary working condition at all times or failure to do so keep it forfeit the right to maintain the plant and the Town Board be at liberty to condemn same and close the sewer.

That the condition of the streets be left in as good condition afterwards as before the construction of the sewer.

"Taxpayers" of the town to assemble at the Town Hall
to night at 7³⁰ for the purpose of discussing the finances
of the town, Electric Lights and other matters vital to the
interests of our Town, will be open for discussion"

resulted in a meeting of about 50, merchants-
business men and representatives of taxpayers.

The meeting was opened and conducted by
Mr. Ferruccio Harris President of the Town Commission
who explained the situation thoroughly and a frank
discussion ensued. The question of electric
lights was talked over at length, and also
as to whether the town could continue to
light the town and pump the water, if gasoline
continued to advance, it now being 24¢ per gal

at least 9¢ four years ago. A motion was made by Wm H. Sec. W. H. Harris that the meeting
approve the action of the Town Commission in paying 9¢ per gal for the lights and 15¢ per gal for the water.

A special meeting of the Commission
was held at 10. o'clock this morning at St. Michaels.
Present N.C. Lamb J. Williams G. W. Carey

The minutes of the last meeting were read & approved.
Resolutions were passed suggesting to the
Electric Commission that they employ an
electrician at \$1000 per annum who will
also act as Secretary & Treasurer for this board.

Also that they use the Lockup for Headquarters
for their Electrician and for Garage for car. which
would save \$60. per annum.

The above changes were suggested because the
Commission do not seem to be able to pay
their expenses and interest on notes and that
with a view they will also be compelled
to provide \$500. for the sinking fund.

Mr. Williams prepared the resolutions and
delivered to N.C. Lamb Sec. of Electric

Of The St. Michaels Utilities Commission

For Year Ending December 31, 1918

Need Storms and Sunshine.
 We have no right to question God's love because trouble comes. We need some storms as well as sunshine, and in both we may be sure of his love and care.

Being Religious.
 To pass out of the great, inspiring thoughts into the personal duties is not to cease to be religious. It need not be, at least. It may be the clothing of religion with reality, the grip and grasp on truth and God and light.—Phillips Brooks.

We Exchange Souls.
 If events change men, much more persons. No man can meet another on the street without making some mark upon him. We say we exchange words when we meet; what we exchange is souls.

Safe in God's Keeping.
 "Every child of God is an object of peculiar divine care. The weakest of his children is safe in his keeping, even amid the greatest dangers. No harm can come to any of them while nestling in his bosom."

it, and his word is settled forever in heaven. Every jot and every tittle of what he has written is sure of full realization, and the signs of the times give every encouragement that the coming of the Great King is not far off. In the midst of the distress of nations and the fear of what is coming on the earth, it is well to comfort our hearts with the assurance that in God's good time he will bring forth his king, who will give to all the tangled threads of life and all the chaotic conditions of the world a divine order and a blessed rule for all peoples.

Copy of Agreement for Topographical Survey by Levin J. Houston Jr.

This Agreement made this 17th day of June 1919 between the Town Commission of St. Michaels a Corporation created and existing under the laws of the State of Maryland, of the first part, and Levin J. Houston Jr. of Baltimore City, State of Maryland, of the second part

Whereas: the party of the first part has agreed to employ the party of the second part as consulting engineer of and for the said Corporation for the performance of the services hereinafter set forth, for the compensation mentioned, and the party of the second part has agreed to accept said employment and has agreed to perform the duties and services set forth

Therefore this Agreement witnesseth, that in consideration of the premises and the mutual agreements herein contained, the parties hereto have agreed with each other in the manner and form following to wit:

1. The party of the second part agrees to make a complete map of St. Michaels to a suitable scale and to show on said map all streets, alleys, lot lines, outlines of house fronts, streams, bridges, tracks and existing sewers, water and other pipes.

2. The party of the second part further agrees to design a complete sanitary sewerage system and a complete storm water drainage system for the Town of St. Michaels, incorporating in these designs as much of the existing sewers and drains as may be found suitable for such use and to make proper provisions in these designs for the extension of sewers and drains to all parts of the corporate limits.

3- The party of the second part further agrees to show in the above ^{mentioned} maps and designs the location and size of all sewers and drains, the location of all manholes, connections, inlets, house connections and inlet connections; and to show on the profile sheets the profile of the streets, sewers and drains, the size grade and elevation of all sewers and drains, the location of all manholes and the distances between manholes,

4- The party of the second part further agrees to design all details of construction, including that of a sewerage disposal plant and pumping station, should either or both of these be found necessary.

The party of the second part further agrees to furnish a complete estimate of cost of all the works to be designed under the terms of this agreement; and to establish and record a sufficient number of bench marks throughout the town.

5- The party of the second part further agrees to furnish all engineering, engineering equipment, supplies and other expenses of completing all the work herein agreed to be performed by him; that all maps, plans and designs shall be made on tracing cloth, on sheets of standard size; that all such tracings shall be delivered to and become the property of the party of the first part after they, the said plans and designs, have been approved by the State Department of Health.

6. The party of the second part further agrees to prepare all contracts for construction, bonds, estimates of quantities, final estimates, and specifications; to render such additional engineering assistance to the party of the first part as may be required for the proper handling of the construction work whenever it may be decided to construct any of the works to be designed under the terms of this agreement; to furnish all engineering supervision over all construction work and over such inspector or inspectors as the party of the first part may appoint; and to set all lines and grades for the proper guidance of the work during construction, all expense of all work in clause six to be borne by party of second part.

7. The party of the first part agrees to pay to the party of the second part, for the services agreed to be rendered by him under clauses one to five, both inclusive, of this agreement, the sum of Six Hundred and fifty dollars (\$650⁰⁰), payable as follows: - Two Hundred dollars ^(200.00) upon the completion of all surveys, and the balance upon the completion of all maps, designs and plans, and their delivery to the party of the first part after they have been approved by the State Department of Health as herein provided.

8. The party of the first part further agrees to pay to the party of the second part, for the services agreed to be rendered by him under clause six of this agreement, a Commission of five per cent (5%) of the total cost of all construction which may be built by or in accordance with the Plans, designs and Specifications prepared by the party of the second part under this agreement. Said Commission to be paid monthly upon the value of the construction work completed each month and it is further agreed that the party of the first part shall have the option to cancel this contract when the said sewerage system shall be satisfactorily completed, with the disposal plant in full operation.

9. The party of the second part further agrees to establish the curb lines and curb grades on all the streets within the present corporate limits of St. Michaels and to prepare diagrams of all street intersections in a suitable book, showing thereon all distances and measurements for locating the proposed curbs, and all elevations for determining the curb grades.

The party of the first part agrees to pay to the party of the second part, for the services agreed to be performed by him under this clause nine, the sum of fifty dollars (\$50.00), one half of which is payable upon the completion of all surveys

and the balance when all plans are completed, approved and delivered as provided in clause seven of this agreement.

A special meeting of the Commissioners of St. Michaels was held at eight o'clock this evening at Mrs E. Hammons Store.

The object of the meeting was to pass Ordinance No 36. in regard to State Road Commission which is recorded below.

On motion ordinance granting the State of Maryland easement through Talbot Street was approved and adopted and duly and lawfully passed.

The Clerk was instructed to ask Mr. Mc Lewis to make an estimate of the cost of running a 4 inch water pipe line to the town limits near the corner on Navy Point with two fire plugs to be located by the Commissioners. The owners of property on the main town to petition the Commission to place the same.

Ordinance No 36

An ordinance granting to the State of Maryland the public easement in the bed of Talbot Street, to the full extent of the title thereto which is stated in the Commission of St. Michaels, in so far as may be necessary for a public road, and to relinquish to the State of Maryland the jurisdiction and control over said street to the extent provided in the Acts of the General Assembly of Maryland under which the State Road Commission is now constructing highway.

Whereas ^{it is} the said desire of the State Road Commission to include, as a part of the road which is in course of construction as a State Road the

bed of Talbot Street - throughout its entire length within the boundaries of the Town of St. Michaels; and

Whereas the said State Roads Commission has requested that for the purpose aforesaid, the public easement in said Street shall, to the full extent of the title thereto which is vested in the Commissioners of St. Michaels aforesaid, so far as the same may be necessary for the purposes of said road, be granted to the State of Maryland, pursuant to the provisions of the several Acts of the General Assembly of Maryland under which the said State Roads Commission is constructing the aforesaid road; and furthermore, that the said Commissioners of St. Michaels shall relinquish to the State of Maryland jurisdiction and control over the said bed of Talbot Street as a public highway to the extent provided in the above mentioned Acts of Assembly, so that the same may be hereafter under the jurisdiction and control, for the road purposes, of the said State Roads Commission, or any other officials or official agents or agent, who may hereafter be assigned by the State of Maryland for the performance of such duties; and

Whereas the Commissioners of St. Michaels are willing to comply in full with the requests aforesaid, Section 1, now therefore, be it enacted and ordained by the Commissioners of St. Michaels, that the public easement in the bed of Talbot Street above

mentioned, to the full extent of the title thereto which is vested in the Commissioners of St. Michaels, so far as the same may be necessary for the purposes of said road, be and the same is hereby granted to the State of Maryland, in order that the said street may be included by the State Roads Commission in the public highway above mentioned which is now in course of construction; and the Commissioners of St. Michaels do hereby relinquish to the State of Maryland jurisdiction and control over the said street as a public highway to the extent provided in the above mentioned Acts of the General Assembly of Maryland, so that such jurisdiction and control may be exercised hereafter by the said State Roads Commission, or any officials or official, agents or agent of the State of Maryland who may be assigned thereto; provided however, that nothing herein shall be taken or construed to deprive the said Commissioners of St. Michaels of police power over said street.

Section 11, And be it further enacted and ordained, That all ordinances, or parts of ordinances, inconsistent with the provisions of this ordinance are hereby repealed, and that this ordinance shall take effect from the date of its passage.

Geo. M. Brown	350.00 to Mulberry St
do	175.00 to Chestnut St

H. W. Harrison was found to be the lowest
bidder and if he will divide his
bid showing the amount to Mulberry St
and also thence to Chestnut St as
per advertisement the contract will
be given him, W. D. Jones vol to
prepare the contract

A discussion of the sewer & street
improvements then ensued, Mr. Shanahan
presenting his ideas &c of a change
of disposal plant to west side of
town and shifting of grates
so as to avoid digging any deeper
than possible on Talbot St

An Advisory Committee to the Commission
on motion of E. H. Doherty was then appointed
consisting of N. M. Shanahan, J. W. Covington
& W. M. Thomas to assist them in the sewer pipe
and street improvement

The Commissioners held a special all day session from 9⁴⁵ am to 5⁴⁵ pm today present J. E. Harrison E. Nydusson J. H. Hope N. M. Shanahan & Wm Dryden Civil Engineer

The object of the meeting was to go over the sewerage and State road plans. It was found that the idea of Mr. Shanahan to lessen the depth of digging on Talbot St. would not be feasible as while we would save \$2000. in excavating on Talbot St. it would require another pumping station which would cost \$3500.-

On motion of E. Nydusson seconded by J. H. Hope it was resolved that the Commissioners accept the revised plans submitted by L. J. Newton Jr. of sewerage & c., changing disposal station from Miles River to Boca Creek

On motion the engineer was instructed to submit to the State Board of Health and State Roads Commission the established lines and grades for Talbot Street

The following was offered and adopted

Instructions to Engineers

That estimates and contracts be prepared covering the following sanitary and storm water sewers installation and submitted to the Commissioners of St. Michaels

Sanitary Sewerage

Complete installation including trunk sewer, laterals house connections to curbs and man holes on Talbot Street from the north side of Willow Street to terminal manhole below Harrison's Alley and Chew Street.

under 15 ft road bed on Talbot Street from the north side of Willow St. to the

South Side of Hodson St; also house connections and laterals under 15 ft roadway from the North Side of Chew St. to Boundary Ave. on Talbot Street.

Storm Water Sewers

Sewer Crossing under 15 ft roadway on Talbot St. at Railroad Ave. Sewer and inlets on Talbot St from the North Side of Skinner Alley to the North Side of Church Street. Inlet on West Side of Talbot St. opposite Mulberry St. and 36 ft. 12 inch pipe under Talbot St from inlet. Inlets on East Side and West Side of Talbot St. on North Side of Chestnut St. Sewer Crossing under Talbot St. under 15 ft road bed on South Side of Chestnut St. Crossing under 15 ft. road bed on Talbot St. on the South Side of Chew St. Crossing under 15 ft. road bed on Talbot St. on North Side of Origo St.

RESOLUTION.

Whereas a State Road from Claiborne toward Easton, in Talbot county, is about to be laid through Talbot street, the main business street of the town of St. Michaels, and

Whereas the laying of said road seriously affects the present drainage of said town and necessitates the laying of a storm water sewer for proper sanitary drainage, and

Whereas our counsel advises that, ^{neither} Chapter 141, Acts of 1920, nor any other Act of Assembly, authorizes the Commissioners of St. Michaels to borrow the money, and issue promissory notes therefor, for the purpose aforesaid,

Therefore, Be it Resolved that the State Board of Health be, and it is hereby, requested to authorize, empower and order the Commissioners of St. Michaels to put in the said storm water sewer and to borrow on the faith and credit of said town sufficient funds for the purpose aforesaid and to issue promissory notes therefor not exceeding in amount the sum of Twenty Thousand dollars.

Dear Sir:-

You are hereby authorized and instructed to put in our storm water sewer pipes at the established lines and grades where they cross Talbot Street, each crossing to be 24 ft. In front of the St. Michaels Bank you will provide a 15 inch corrugated iron pipe. At the culvert on the north end of the town you will provide a 30 inch corrugated iron pipe. The grade line is to be the flow line.

You are to furnish all material except the terra cotta pipe which we have placed on the street at the various places where they are to be laid.

The work is to be done on a force account under the same conditions as extra work under the State Road.

You are also to plug each end of each sewer so they will not fill up with dirt.

Some Timely Farm Suggestions By County Agent F. P. Walls

Demonstrations conducted right in Talbot County the past winter have shown very clearly that the average farm flock of poultry can be made to pay and pay well if given the proper care and attention. Since there are so many lines of farming in this section which seem certain not to pay this year, the County Agent and Home Demonstration Agent have thought it worth while to offer to the people of the county next week, through demonstrations, some very practical advice in regard to the farm flock of poultry, so that farmers might be able to put this into practice, thereby increasing their poultry profits.

H. W. Rickey, Poultry Specialist the Agricultural Extension Service of the University of Maryland, has been engaged to be present at four demonstrations to be held during the afternoons and evenings of next week, at the following places: Monday, June 20, at farm of J. O. Larrimore, Neavitt. Wednesday, June 22, at farm of Roland S. Blann, Trappe. Thursday, June 23, at farm of P. P. Councell in Chapel District, Friday, June 24, at farm of Alfonso Boley near Royal Oak.

At each of these places an afternoon meeting commencing at 2:30 and a and a night meeting beginning at 3 o'clock will be held. In the afternoon Mr. Rickey will give a demonstration in culling out the undesirable fowls and Mrs. Walls will then take these fowls and give a demonstration in canning them with a pressure cooker. At night Mr. Rickey will give a practical talk on other phases of poultry work not covered in the afternoon, and the County Agent will show some very interesting and instructive motion pictures dealing with the control of some of the more common insect pest and diseases of poultry, and a film showing the work being carried on at the Government Poultry Farm at Beltsville, Md.

It is planned to give at each place during these afternoon and evening meetings a sort of general synopsis

A public meeting of all persons interested having been called by the Commissioners was held at the Marada Theatre at 2³⁰ today Present N M Shumanekau J. Hacker J. S. Morris J. H. Mcguay Dr J. H. H. H. J. M. Bryan I. Caplan J. M. J. at Emmitt Jackson J. R. Boyer J. S. D. David E. H. Beams M. J. J. Mc Mills M. S. Morris M. H. H. H.

On motion N M Shumanekau was made Chairman and M. S. Swick Secretary

M Shumanekau presided and made a statement that the object of the meeting was find out if possible if the rumors were true that the Pennsylvania Rail Road was about to abandon and take up the B. & O. Ry from Easton to Clabon and to see what steps could be taken to induce them to continue to operate it

Ex Senator Richard S. Dodson suggested that we ask for the intentions and reasons for withdrawing the road and how it could be averted as it would be a disaster to this section of the County.

Genl Joseph B. Smith said that no one was more interested in it than himself as about 40 years ago he conceived the idea of building the road as this section had priority shipping facilities. That he personally had without aid from any county or Baltimore City financially, built the road and later he rehabilitated the Marcellus

Railroad and connected it with this making a through line from Dallas to Ocean City and that it would be a very sad day for him when it was abandoned. The M. D. & O. Railroad never had been a paying one as it did not strike any towns of importance. He said he was counsel for the Perm Road but did not know the intention of that road, that there was strong talk of diverting the traffic to Dallas via Lone Point. He said that the M. D. & O. was in two States hence under the Interstate Commerce Commission but that the B.C. & O. was entirely in Texas and came under the Public Service Commission. He said he was willing to do anything he could to have the road continued.

Mr. Sheehan also spoke saying that while both Sheehan & Marchant were representing the Perm R.R. they had a stronger duty and interest in the community than the Perm R.R. That the B.C. & O. Ry. was the greatest factor on the Eastern Shore for developing the country. He said he had not the slightest idea of the intentions of the P.R.R. Could not see how they could at least abandon the freight line, did not want them to abandon any part of service but that some anxiety as to subsidizing the ferry by the State but they all Bus lines also contribute to building up and bringing more houses & people to the community. Suggested that a committee get all data & ask the P.R.R. what they would do.

and not make any more until the Committee could be heard from. That it was easier to prevent ~~that~~ than to undo after the plans were made.

Sender ^{W. S. An} stated that it was all rumor and suggested that a perfectly dignified letter of inquiry from the Town Councilor to the PRR requesting a hearing and as to their intentions and if not satisfied or no answer in reasonable time to effect to Public Sense Commission.

Mr Rich S Dodson made a motion that this body request the Commission of Hall have Mr James Salecator write Mr Murdoch as above. The motion was duly carried.

Mr Rich S Dodson made a motion that the Commission of Hall should be empowered to take up and continue this matter where this body leaves off and have another meeting if necessary. The motion was duly carried.

Mr Gray of Middlebury, stated he had a talk with Mr Townsend of Easton for PRR that he was in Stuba and that Passes there said they would have 200 men to put in the V at Green Avenue on July 14/23

Mr Champlin talked with certain persons of going to Belts & calling in person on Mr Murdoch

The meeting then adjourned

The regular meeting of the Commission of St. Michaels was held at 7³⁰ this evening. Present
M. M. Thammachan, W. Hope, J. R. Marshall & E. R. Beck

The minutes of the meeting of Nov 17/23 were read & approved. The Commissioners met Aug. 2 & 3 as advertised in the Comet for transfer of accounts etc.

Mr. A. A. Neam having applied for a flat rate for water for Hotel Chelsea. On motion it was decided to offer him a flat rate of \$50⁰⁰ for year April 1923 to April 1924 due to pay in advance. This is based on four times the charge for a dwelling having the same fixtures, that is Kitchen Bath 3²⁵ - S. Stand 1²⁵ Toilet 5²⁵ = \$14⁷⁵ x 4 = \$59⁰⁰. Mr. Neam to have the option to contract on meter if so desired. The Commission estimated that there was four times as much water used as by a private dwelling.

Mr. R. L. Sitt was present and applied for a permit for a Street Parade for the Ku Klux Klan for Friday Aug 17, 1923 which was granted.

A change ^{rate} for water, for M. Debowitz for filling station at his building Talbot & Cherry Sts, of \$10⁰⁰ per year 1923 4/1 to 1924 4/1 was adopted. He to pay from date of opening to 4/1/24 in advance.

A Committee of Hope & Thammachan was appointed to investigate a case on line of E. Fairbanks & Shockley.

Mr. Hope reported that he was still in correspondence in reference to repairing & painting water tank.

Mr. Thammachan reported that he was still working on the claim against the Texas Oil Co.

Dear Sir:

Messrs. Poe & Davies have just handed me a copy of the Minute concerning the sale of the Water Works Extension and Electric Light Bonds to them. The form of Minute is not such as was used in regard to the issue previously sold of Street Improvement Bonds, and I will have to ask that the Clerk enter up the Minutes so that he can properly certify to the certificate which I enclose herein. Will you kindly have this attended to at once.

I have not heard anything today from the printer, but presume that he is going ahead as fast as possible.

Very truly yours,

A special meeting of the Commission was held at 5 o'clock this afternoon present Mr. McManis for Marshall, Arthur Farmer and Mr. Katzenhuber of Katzenhuber & Anderson of Eastern and Civil Engineers.

The object of the meeting was in reference to the water tank and tower. Mr. Katzenhuber having made a thorough report on same dated July 15, 1924

stating that it was dangerous to carry the tank more than one half full in a high wind and suggesting two ways to repair it but not recommending either but advising a new tank and tower and through correspondence found approximately about the cost reported the same.

After duly considering the matter the Commission decided to build a new tank and tower and accepted Mr. Katzenhuber's proposal. Also see the construction of same advertise for bids. Submit contracts to the Commission and have general supervision of same and also construction of additional water pipes and mains on Chew Ave or elsewhere all work and construction to be under the absolute control of the Commission of St. Michaels and all bids to be approved by them. Mr. Katzenhuber to receive in full for his services five per centum on the cost of construction. He to advise for sealed proposals at his office at 2 o'clock Monday May 15, 1924 and submit them to Commission

The Clerk reported that he had signed the 26 Lease warrants and forwarded 35 of them with check for \$130⁰⁰ and check for \$100 for Int. Rev Sluice to Jackson Moore Co. Dallas. The check being for Electrical Equipment from them and the check the first monthly payment.

The Commission granted Mr. W. C. Lammore ^{Permittee} to extend his wharf (a cross from Long wharf) ten feet out from his existing house the length of the width of his lot 60 ft. making a solid wharf with proper wharf logs so as to permit easy landing.

St. Michaels Id April 18. 1924

A special meeting of the Commissioners was held at their office at 7:30 this evening Present Mr Shumaker, Mr Marshall, Mr Farmer also John & Mr Males

The meeting was called at the request of Mr Johnson to try to reach an agreement with Mr Males in reference to his pavement.

Mr Males offered to cut the front of his north office room back so as to give at least a pavement as wide as it now is in front of his residence. To put the door diagonally across the North west corner and put a window on the Palmetto St side, ^{near the door} and a window on the north side near the door. That is a window on each side of the door and make the windows and door each fall back a little to make a rounded appearance and also to take away the two windows in front of his store room for \$350.00

Mr Shumaker said a pavement at least 5ft wide including curb with $\frac{1}{4}$ in to foot grade would be required

Mr Marshall asked Mr Males if he had anyone make an estimate or was he guessing at the cost and he and Mr Farmer said it would be more satisfactory to get some one to make an estimate

Mr Shumaker said in the former negotiations Mr Males was not required to remove his two windows in front of store room and that

They were not interested now in having them removed and that would be an improvement to the property which Mr Wales could do if he wished, that all the commissioners desired was to cut the corner of his office back as Mr. Wales proposed so as to get it out of the way of the pavement, all we would be interested in would be to get a pavement as wide as the nearest part of the main building. He said that he felt this could be done for \$200. He asked the advice of Mr Marshall and Mr Farmer and they both said that they felt sure it could be done for \$200, and suggested that Mr Wales get some one to estimate on it.

Mr Wales then made a diagram of what he wished done and the Commission examined it, which was as described above.

Mr Wales then said that unless they would pay him \$350. to fix the corner and also the two windows that it would remain as it now is.

The meeting then adjourned
